Web : arunm.pages.dev

SUMMARY :

1 year 2 months of experience in creating responsive and interactive web applications using modern front-end technologies.

TECHNICAL SKILLS :

- Front-End Technologies: Proficient in HTML, CSS, and JavaScript for building dynamic user interfaces.
- Frameworks & Libraries: Skilled in React.js, Tailwind CSS, and Github for implementing scalable and responsive designs.
- Tools & Platforms: Experienced with Vite, Firebase, and Lighthouse for optimizing performance and functionality.

Professional Experience

TMDB-REACT :
- Developed a visually appealing and responsive movie catalog website using React.js and Tailwind CSS.
- Integrated third-party APIs to fetch and display dynamic movie data in real-time.
- Utilized React Hooks for state and lifecycle management, enhancing performance and code reusability.
- Implemented React Router to create seamless navigation between pages, ensuring an intuitive user experience.

LOGIN-REACT :
- Built a secure user authentication system using React.js and Firebase.
- Designed clean login and registration pages with Tailwind CSS, ensuring a seamless and intuitive user flow.
- Integrated Firebase authentication for real-time user management and security.
